

VARSHINI NAMRATHA

varshininamrathamopuri@gmail.com — +91 9398456218 — [LinkedIn](#) — [LeetCode](#) — [CodeChef](#)

Summary

Motivated B.Tech IT student with a strong foundation in programming (C, Java, Python) and web development basics (HTML, CSS, FastAPI, Django). Experienced in building Python-based projects and web applications using APIs. Active participant in coding competitions and co-curricular activities, seeking internship opportunities to apply problem-solving, programming, and development skills in a practical environment.

EDUCATION

Shri Vishnu Engineering College for Women , Bhimavaram, AP	2024 – Present
Bachelor of Technology in Information Technology	CGPA: 9.2/10
Shri Sai Aditya Junior College , Kakinada, AP	2022 – 2024
Intermediate MPC	97%
Sri Chaitanya Techno School , yanam, AP	2022
Intermediate MPC	94%

Technical Skills

- Programming Languages: C, Java, Python
- Frontend: HTML, CSS
- Backend: FastAPI, Django
- Databases: DBMS Concepts, SQL
- Developer Tools: Git, GitHub

Projects

E-Commerce Backend API | FastAPI, SQLAlchemy, JWT

- Built a backend API for an e-commerce platform using FastAPI Jan 2026-present
 - Implemented user authentication with JWT and password hashing
 - Developed APIs for products, cart, and order management
 - Used SQLAlchemy with SQLite for database integration
- GitHub: https://github.com/Namratha600/ecommercece_api

Tower Builder Game — Python, Pygame(mini project)

Oct 2025 – Nov 2025

- Developed a 2D tower-building game using Python and Pygame.
- Implemented collision detection, scoring, and basic game physics.
- Applied object-oriented programming concepts to organize game logic..
- GitHub: [Tower Builder Game](#)

Live Projects / GitHub Pages Tree

Algorithms Visualizer

- Interactive web-based visualization tool for Binary Search Trees and Tree Traversals.
- Supports insert, delete, and traversal animations (Inorder, Preorder, Postorder, Level-order).
- Built using HTML, CSS, and JavaScript.
- Live Link: [GitHub Pages](#)
- GitHub: [Repository](#)

Certifications

- FastAPI Development Course — Udemy
- Fundamentals of Java Spring Boot
- Dynamic Programming Bootcamp -AlgoUniversity
- LeetCode 100 Days of Code

Co-Curricular Activities

- Co-Curricular Activities Coordinator of IET, SVECW
- Member of IET (Institute of Engineering Technology) for 3 years
- Participated in a coding contest at Technova, demonstrating problem-solving and coding skills
